## ***Special 'ON DUTY' protection for your business***

- Body fabricated from 1" carbon steel, all joints electrically welded.
- Door 1 1/2" thick carbon steel.
- Extra heavy hinges, with ball bearings, assure proper swing of door.
- S1616 and larger are locked by three 1" chrome plated bolts and continuous locking bar on hinge side. S1416 and smaller have one bolt and continuous locking bar.
- Underwriters Group II million change key change lock.
- U.L. approved relocking device.
- Spy proof dial.
- Special alloy drill resistive hard plates protect lock and bolt work.
- Bolt detent eliminates damage to bolts by allowing them to extend only when the door is closed.
- Finish: Gary Grey, Siltan, Nevamar Brown, Black. Special colors available upon request.

# GARY BANK-GUARD TL-15 MON

## "S" (SQUARE SERIES)

### THE SMALL SAFE WITH THE LARGE DOOR

Gary's line of square door models incorporates the benefits of our popular series of large square and rectangular door safes.

These units have large square door openings which afford full access to the entire interior of the safe. This type of construction provides outstanding accessibility and security for cash register trays, rolled coins and other bulk storage.
