

## A Schwab Safe Means Peace of Mind.

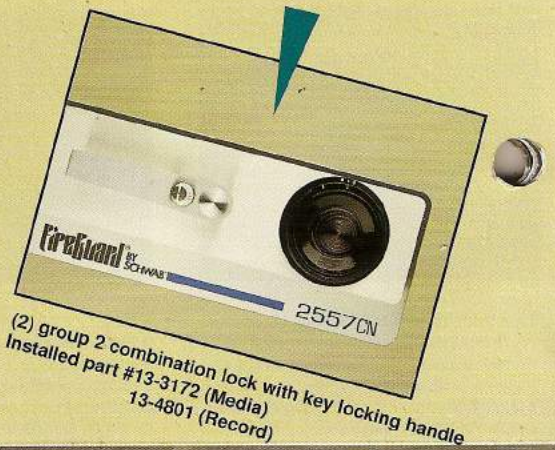

**Different sizes offer varying levels  
of protection.**

**S**chwab FireGuard® Safes are designed to handle the record protection needs of any business. A U.L. rating for fire and impact resistance accompanies every Schwab safe. From small to the largest capacity safes on the market, a Schwab safe means peace of mind. In addition, Schwab offers the greatest variety of American made record protection products.

### **Safe and sound.**

FireGuard Safes are equipped with a Group 2 key-change combination lock and a U.L. certified relocking device to set the bolts if the lock is punched in a burglary attempt. Optional digital locks, x-ray proof locks or key-locking combination dials provide added security against theft or espionage.

All Schwab FireGuard Safes are available in seven standard colors.

 Interior: 40 3/4"W x 68 1/4"H x 23 1/2"D  
 Weight: 1665 lbs.

## Interior Components For Record Safes.

Organize, secure and protect with Schwab record safes.

All Schwab record safes have passed severe fire endurance tests and bear Underwriter Laboratories' 350-1 Hour Fire and Impact Resistant Label. This means that the safe's interior temperature will remain below 350°F (well below the char point of paper) upon exposure to temperatures reaching 1700°F for one hour.

It also certifies that Schwab FireGuard® Safes will survive a drop during a fire of 30 feet into rubble, such as a fall through burning floors.

Schwab record safe interior components are constructed of welded steel and finished in attractive, durable air-dried enamel paint. They can be grouped in a variety of functional arrangements.

36" lateral drawers for 36" W safe only  
 Installed part #: 13-5703 (1 drawer)  
 13-5660 (2 drawers)  
 13-5679 (3 drawers)  
 13-5676 (4 drawers)  
 13-5670 (5 drawers)
